

Dog & Cat Anaesthesia

New Dechra Dog & Cat Anaesthesia App

At Dechra we are passionate about supporting best practice in anaesthesia and analgesia.

DOG

CAT

A unique veterinary anaesthesia app to help you to provide anaesthesia and analgesia protocols tailored to every unique animal.

The Dechra Dog and Cat Anaesthesia App has been designed to be an easily accessible, practical anaesthesia resource promoting current 'best practice' for veterinary professionals. The app provides detailed information from specialist veterinary anaesthetists to allow practitioners to tailor their anaesthesia and analgesia protocols for each patient's unique requirements.

The app contains information on 24 different anaesthetic protocols for dogs and another 15 anaesthetic protocols in cats, helping to build your knowledge and confidence with less familiar procedures, update your protocols and ensure best practice.

- Developed with specialist, diplomat veterinary anaesthetists
- Easy to use
- Includes detailed information on 36 different anaesthetic drug molecules
- 39 comprehensive anaesthesia protocols
- Includes detailed considerations for all stages of anaesthesia
- Includes AVA 'Anaesthetic Safety Checklist'
- Easy to use dose calculator
- Summary sheets for your records
